October 2022

Fall is a time of year that keeps many of us busy. With row crops maturing and ready for harvest, I wish you the best as you gather what God has provided us. We have had a wonderful stretch of weather to put up our fall hay and to chop silage. I end each of my monthly letters talking about helping a neighbor if you can. That has certainly saved me this fall. With both tractors down at home, a neighbor friend graciously allowed the use of his tractors to get the fall hay crop up. I don't know what I would have done without such a good neighbor and my father who really done most the work while I was away from the house.

October kicks off some of our meetings in the Extension Service. I want to let you know of some opportunities that are approaching for you to take advantage of. I have attached the flyers so you will have all the information you need. As always feel free to reach out to me with any questions.

October 17<sup>th</sup>: Kentucky Beef Conference. Fayette County Extension Office

October 20<sup>th</sup>: Beef Bash. Princeton Ky

October 27<sup>th</sup>: Ky Grazing Conference. Clark County Extension Office

November 8<sup>th</sup> and 17<sup>th</sup> Estate Planning and Farm Transiting Series. Casey/Lincoln County

The Estate Planning series is a joint meeting planned by Kelsey Woodrum (Casey County ANR Agent) and myself. One session will be in Casey County and the other session will be in Lincoln County. This is meant for you to attend both sessions. The topics will be different each evening. The first evening will be held in Casey County at the Extension Office and will feature two University of Kentucky speakers. The second session will be held at the Lincoln County Extension office and will be featuring Mr. Brent Hall from KY Farm Bureau who is sponsoring this meeting. Please call the Lincoln County Extension Office at 606-365-2447 to RSVP. Let us know if you will be attending one or both the sessions. I hope to see you there!

On behalf of Krista Rankin, Josh Brown with Ky Farm Bureau, and myself, we would like to give the farmers and ag businesses in and around Lincoln County a big thank you for your donations towards the purchase of a Grain Safety Tube. An excellent turnout, a good meal, and lots of fun was had by all at the Young Farmer Fundraiser event on September 19<sup>th</sup>. Over \$1470 was raised to purchase the remaining equipment. That is a wonderful example of the support we have in our agriculture community and neighbors helping neighbors!

Tyler Miller  
County Extension Agent for  
Agriculture and Natural Resources
